PROFILE

I am a 3rd-year Computer Science student at Jahangirnagar University with a passion for AI, machine learning, and software development. I have strong programming skills in Java, C, C++, HTML, CSS, JavaScript, Python, and databases. My projects include developing predictive models and building web applications. I thrive in team environments, having participated in numerous hackathons. I am seeking a summer internship to apply my skills and contribute to innovative tech solutions. Let's connect and explore opportunities!

EMPLOYMENT HISTORY

Intern, EDGE_IOT_AND_ROBOTICS

Jul 2024 — Present, Dhaka

I am actively involved in EDGE IOT and Robotics at Jahangirnagar University (JU), a collaborative initiative that explores cutting-edge technologies in the fields of Internet of Things (IOT) and robotics. Through this project, I am gaining hands-on experience in designing and implementing IOT solutions and robotic systems, integrating sensors, data processing, and automation. This involvement is enhancing my technical skills and providing me with valuable insights into real-world applications of IOT and robotics in shaping the future of technology.

Core Member, JURC

Jan 2022 — Oct 2023, Dhaka

I'm passionate about AI, which is why my seniors and I formed the JU Robotics Club to explore Six DOF, LFR, drone technology, automated rooms, and more.

In this journey my beloved senior (Sajjad vai, nayan vai, Jannatul Ferdaus apu, Minhaj vai) and respected teacher (Pro. Dr. Jahidur Rahman) helped me too much

EDUCATION

Jahangirnagar University, Bachelor of Computer Science and Engineering

May 2021 — Present, Dhaka

I'm currently a third-year student at Jahangirnagar University, majoring in Computer Science and Engineering. My time here has been an incredible journey of growth, both academically and personally. The university offers a rich learning environment, where I'm not only gaining technical skills but also engaging in research and projects that push my creativity and problem-solving abilities. It's a place where I'm shaping my future and preparing to make a meaningful impact in the world of technology.

Nawab Siraj-Ud-Dowla Government College, Natore, HSC

Time Management

- During my time at Nawab Siraj-Ud-Dowla Government College, Natore, I experienced a vibrant and enriching college life. The college provided an excellent academic environment, with dedicated faculty members who helped me grow both intellectually and personally. I was able to engage in various extracurricular activities, making lasting friendships and gaining leadership experience. The campus itself, with its historical charm, was the perfect place for learning, collaborating, and developing skills that I carry with me today. Overall, my college life was an essential foundation for both my personal growth and future aspirations.
